DELIVERY BUDGET  
IMPLEMENTATION PLAN –  
SDBIP;**

## INTRODUCTION

Service Delivery and Budget Implementation Plan (SDBIP) details the implementation of service delivery and the budget for the financial year in compliance with the Municipal Finance Management Act(MFMA), 2003 (Act 56 of 2003).

To implement the budget the SDBIP serves as an understanding between the administration, Council, and the community, on how the implementation of the budget will give effect to the achievement of the goals and objectives set by the council to meet the needs of the community during the applicable financial year.

The SDBIP facilitates the process of holding management accountable for their performance. It provides the basis for measuring performance in the delivery of services.

It gives effect to the Integrated Development Plan (IDP) and the budget of the municipality. The budget gives effect to the strategic priorities of the municipality and is not a management plan.

The three most important components of the SDBIP are:-

- Monthly projections of Revenue to be collected from each source
- Monthly projections of Operating and Capital expenditure and revenue per vote; and
- Quarterly projections of Service Delivery Targets and Performance Indicators for each vote.

## LEGISLATIVE REQUIREMENTS

In terms of the provisions of the Local Government: Municipal Finance Management Act, 2003, all municipalities should prepare and adopt the SDBIP. Section 1 of the MFMA describes the SDBIP as a detailed plan approved by the mayor of a municipality in terms of section 53(1)(c) (ii) for the implementation of the municipality's service delivery and execution of its annual budget.

## REPORTING ON THE SDBIP

This section covers reporting on the SDBIP as a way of linking the SDBIP with the oversight and monitoring operations of the administration.

A series of reporting requirements are outlined in the MFMA. Both the mayor and the accounting officer have clear roles to play in preparing and presenting these reports.

The SDBIP provides an excellent basis for generating the reports for which MFMA outlines very clear outlines. The reports then allow the Councillors of the Mohokare Local Municipality to monitor the implementation of service delivery programs and initiatives across the municipality.

## MONTHLY REPORTING

Section 71 of the MFMA stipulates that reporting on actual revenue targets and spending against the budget should occur on a monthly basis. This reporting must be conducted by the accounting officer of a municipality not later than 10 working days, after the end of each month.

### Reporting must include the following:

- i. actual revenue, per source;
- ii. actual borrowings;
- iii. actual expenditure, per vote;
- iv. actual capital expenditure, per vote;
- v. the amount of any allocations received

If necessary, explanation of the following must be included in the monthly reports:

- a. any material variances from the municipality's projected revenue by source, and from the municipality's expenditure projections per vote
- b. any material variances from the service delivery and budget implementation plan and;
