

MOHOKARE
LOCAL MUNICIPALITY

**2022/2023
ADJUSTMENT
SERVICE DELIVERY BUDGET
IMPLEMENTATION PLAN –
(SDBIP)**

INTRODUCTION

Service Delivery and Budget Implementation Plan (SDBIP) details the implementation of service delivery and the budget for the financial year in compliance with the Municipal Finance Management Act(MFMA), 2003 (Act 56 of 2003).

To implement the budget the SDBIP serves as an understanding between the administration, Council, and the community, on how the implementation of the budget will give effect to the achievement of the goals and objectives set by the council to meet the needs of the community during the applicable financial year.

The SDBIP facilitates the process of holding management accountable for their performance. It provides the basis for measuring performance in the delivery of services.

It gives effect to the Integrated Development Plan (IDP) and the budget of the municipality. The budget gives effect to the strategic priorities of the municipality and is not a management plan.

The three most important components of the SDBIP are:-

- Monthly projections of Revenue to be collected from each source
- Monthly projections of Operating and Capital expenditure and revenue per vote; and
- Quarterly projections of Service Delivery Targets and Performance Indicators for each vote.

LEGISLATIVE REQUIREMENTS

In terms of the provisions of the Local Government: Municipal Finance Management Act, 2003, all municipalities should prepare and adopt the SDBIP. Section 1 of the MFMA describes the SDBIP as a detailed plan approved by the mayor of a municipality in terms of section 53(1)(c) (ii) for the implementation of the municipality's service delivery and execution of its annual budget.

MFMA Extract

Definition

"service delivery and budget implementation plan" 'means a detailed plan approved by the mayor of a municipality in terms of section 53(1)(c)(ii) of the Municipal Finance Management Act(MFMA) for implementing the municipality's delivery of municipal services and its annual budget, and which must indicate—

- (a) Projections for each month of—
 - (i) Revenue to be collected, by source;
 - (ii) operational and capital expenditure, by vote;
- (b) service delivery targets and performance indicators for each quarter; and
- (c) any other matters that may be prescribed, and includes any revision of such plan by the mayor in terms of section 54(1)(c) of the MFMA;

REPORTING ON THE SDBIP

This section covers reporting on the SDBIP as a way of linking the SDBIP with the oversight and monitoring operations of the administration.

Mohokare Local Municipality Adjustment SDBIP 2022/2023 FY

A series of reporting requirements are outlined in the MFMA. Both the mayor and the accounting officer have clear roles to play in preparing and presenting these reports.

The SDBIP provides an excellent basis for generating the reports for which MFMA outlines very clear outlines. The reports then allow the Councillors of the Mohokare Local Municipality to monitor the implementation of service delivery programs and initiatives across the municipality.

MONTHLY REPORTING

Section 71 of the MFMA stipulates that reporting on actual revenue targets and spending against the budget should occur on a monthly basis. This reporting must be conducted by the accounting officer of a municipality not later than 10 working days, after the end of each month.

Reporting must include the following:

- i. actual revenue, per source;
- ii. actual borrowings;
- iii. actual expenditure, per vote;
- iv. actual capital expenditure, per vote;
- v. the amount of any allocations received

If necessary, explanation of the following must be included in the monthly reports:

- a. any material variances from the municipality's projected revenue by source, and from the municipality's expenditure projections per vote
- b. any material variances from the service delivery and budget implementation plan and;
- c. any remedial or corrective steps taken or to be taken to ensure that the projected revenue and expenditure remain within the municipalities approved budget.

QUARTERLY REPORTING

Section 52 (d) of the MFMA compels the mayor to submit a report to the council on the implementation of the budget and the financial state of affairs of the municipality within 30 days of the end of each quarter. The quarterly performance projections captured in the SDBIP form the basis for the mayor's quarterly report.

MID-YEAR REPORTING

Section 72 (1) (a) of the MFMA outlines the requirements for mid-year reporting.

The accounting officer is required by the 25th January of each year to assess the performance of the municipality during the first half of the year taking into account –

- (i) the monthly statements referred to in section 71 of the first half of the year;
- (ii) the municipalities service delivery performance during the first half of the financial year, and the service delivery targets and performance indicators set in the service delivery and budget implementation plan;

Mohokare Local Municipality Adjustment SDBIP 2022/2023 FY

- (iii) the past year's annual report, and progress on resolving problems identified in the annual report; and
- (iv) the performance of every municipal entity under the sole or shared control of the municipality, taking into account reports in terms of section 88 from any such entities.

Based on the outcomes of the mid-year budget and performance assessment report, an adjustments budget may be tabled if actual revenue or expenditure amounts are materially different from the projections contained in the budget or the SDBIP.

The SDBIP is also a living document and may be modified based on the mid-year performance review. Thus the SDBIP remains a kind of contract that holds the municipality accountable to the community.

NATIONAL TREASURY, CIRCULAR No.13.

Circular 13 of the National Treasury outlines the framework for municipalities to prepare SDBIP. The SDBIP of Mohokare has been prepared in terms of the provisions of the Circular 13.

According to Section 53 of the MFMA, the Mayor is expected to approve the SDBIP within 28 days after the approval of the budget.

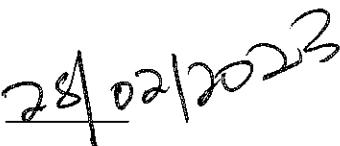

MUNICIPAL MANAGER' S QUALITY CERTIFICATE

I, Molatelo Johannes Kanwendo, in my capacity as the Municipal Manager of the Mohokare Local Municipality submit the **Adjustment** Service Delivery and Budget Implementation Plan (SDBIP) for the 2022_2023 financial year for approval by the Mayor. This document has been prepared in terms of the stipulated requirement as documented in the Local Government: Municipal Finance Management 56 Act of 2003.

MAYOR'S APPROVAL

As the Mayor of Mohokare Local Municipality, I hereby approve this document as the Adjusted Service Delivery and Budget Implementation Plan (SDBIP) of the Municipality for the financial year 2022/2023 in accordance with s 54 (1) (c) of Local Government: Municipal Finance Management Act, No. 56 of 2003 (MFMA).

I am pleased to present the SDBIP of Mohokare LM as detailing one year plan of the institution that gives effect to the actual implementation of the Integrated Development Plan (IDP). It is an expression of the objectives of MLM in quantifiable outcomes that will be implemented, it includes service delivery targets for each quarter and facilitates oversight over financial and non-financial performance of the municipality.

In the main, the SDBIP is used to monitor and manage the implementation of the IDP. It is important for management to give enough attention to the financial and predetermined objectives of the 2022/23 IDP. Our staff is expected to implement the SDBIP diligently. I am confident that the SDBIP is credible in that it complies with the minimum requirements as stipulated in the MFMA Circular 32 of 2005. This is the core of the annual performance contract between officials and Council and facilitates the process for holding management accountable for its performance in a financial year.

I am certain that this Adjusted SDBIP provides a vital link between the Mayor, Council and the administration.
